

Visitor and Facility Badge Procedure

Physical-security procedure | PROC-FAC-003

Document owner	Facilities Manager
Effective date	2026-02-10
Applicable reference	PR.AA-05 - Access permissions and authorizations

Visitor entry

Visitors present government-issued identification at reception, sign the visitor register, and wear a temporary badge. The host escorts visitors in restricted areas and returns the badge at departure.

Employee badges

Facilities issues photo badges to employees and contractors after a manager submits a start-date request. Lost badges are disabled by the service desk. Facilities reviews the badge list each month.

Records

Visitor logs and badge issuance records are retained for twelve months. This procedure does not define logical access permissions, application entitlements, least privilege, role authorization, or separation of duties.
